WORK

Wallace Roberts & Todd Landscape Designer, Philadelphia, PA. September 2008 - Present

- Created conceptual design master plan and design manual for Red Mountain Park, a new 1,200 acre public park on a former iron ore mining mountain in Birmingham, Alabama.
- Designed custom paving pattern and developed construction documentation for an amphitheater and series of plazas on the site of the Bethlehem, PA Steel Stacks.
- Collaborated with Takenaka Architects in Tokyo, Japan on the landscape design of a new office building outside of Tokyo. Helped develop the overall landscape design concept and designed a series of three interior courtyards for the building.
- Worked with a team to create a design concept and plan for Gwanggyo Lakeside Park, a new park anchored by former agricultural reservoirs in Gwanggyo, Korea.

City Parks Association Design Consultant, Philadelphia, PA. Summer 2005-Present

- Facilitated large community forums focused on innovative ways of utilizing vacant land in Philadelphia.
- Synthesized community input, along with research and case studies, into a brief for the Urban Voids: Grounds for Change International Design Competition.
- Currently transforming competition entries into a community web resource for exchanging and implementing innovative ideas for vacant land in Philadelphia.

EDAW Internship Program, Surfer's Paradise, Australia + Edinburgh, Scotland. Summer 2007

- One of 30 landscape architecture, architecture, planning, and environmental science students selected from around the world for an intensive two week charrette in Surfer's Paradise, Australia.
- Worked as a Design Intern in EDAW's Edinburgh office. Designed landscape and streetscape plan for a brownfield/adaptive-reuse in-fill development in downtown Glasgow.

TEACHING

University of Pennsylvania School of Design Guest Critic, Philadelphia, PA. Spring 2010

- Participated in the jury for Marion Weiss & Michael Manfredi's architecture studio focusing on designing a botanical garden on sites in Queens, NY and Tanzania, Africa.

Temple University Guest Lecturer, Philadelphia, PA. Fall 2009

- Invited to give a lecture on the topic of landscape urbanism to students in the architecture department

University of Pennsylvania School of Design Teaching Assistant, Philadelphia, PA. Spring 2005, Fall 2007

- Teaching Assistant for CPLN 560: Transportation & Land Use with Professor Rachel Weinberger
- Teaching Assistant for LARP 542: Digital Visualization with Sarah Widener Astheimer
